

Beth Phifer – 2003 JCS Graduate

A recent graduate of Grove City College, Beth earned a B.S. in psychology and minored in biology. She then moved to the Philadelphia area to study biblical counseling at Westminster Theological Seminary. Beth developed a heart for serving others through her experiences at Jubilee and her church. “I was blessed with several opportunities to serve other young women through leadership roles at Ligonier Camp and Conference Center, and as a Resident Assistant at Grove City. I also enjoyed singing with the Touring Choir and Chamber Singers while I was at college.”

Beth has fond memories of the field experiences she had at Jubilee and the special bond that was formed between classmates. “I’m still in touch with my best friend from fifth grade, Alex (Shiff) Shepherd, and several other Jubilee graduates.”
