

Here's What's Happening at JUBILEE

What a blessing it was for all of the Jubilee students to spend the month of December focusing on the season of Advent during Chapel, in our classrooms, and out in the community as we visited the residents at Concordia! Here's a small snapshot of the fun we had!

We were blessed to have Jubilee alumnus TROY DeWITT visit the 5th and 6th grade class. Troy is currently attending the Annapolis Naval Academy. He asked to return to Jubilee to share with the students some of the lessons he has learned along the way, and how the important foundational work that was laid for him in elementary school is still benefiting him today. We are so proud of this amazing young man! What a great role-model for our current students!
