

Daniel Ciufi Board Bio

Hi, I am Daniel Ciufi. This summer, my wife, Jessica, and I will be celebrating our 10 year wedding anniversary. We have two children, Norah (6) and Nathan (3). I am originally from the Pittsburgh area and attended private Christian schools throughout my K-12 education. After high school, I received a Bachelor of Science in Telecommunications Systems Management from Ohio University in 2005. I moved to the Greater New Orleans area shortly after Hurricane Katrina. In 2015, my family and I relocated back to the Pittsburgh area to be close to family and to take a new pastoral position.

I have been in full time ministry at two different churches (Christ Church Covington and Wildwood) for over 10 years. During my years at Christ Church Covington, I also taught high school and middle school students at Christ Episcopal School(CES). I coached various sports at Christ Episcopal School, including soccer, basketball, lacrosse, track and field, flag football, and cross country. Additionally, I led high school and middle school chapel as well as various annual school retreats. I have actively led community service projects and mission trips(both domestic and international) since Hurricane Katrina.

I have served on several church and school committees tasked with student and family community service, development of CES's new high school, growing CES's high school student body, athletic department, fundraising campaigns, and mission trips. As a long time proponent of Christian education, I want to do what I can to assist Jubilee Christian School and to serve our community. I want to do what is best for our children in their growing and personal relationship with Jesus as well as to educate and prepare them for productive, purposeful lives. It is an honor and privilege to be nominated to serve on the Jubilee Christian School board and I look forward to the opportunity!
