

Andrew Miller Quick Bio

24 February 2020

Andrew and his wife Elizabeth, parents of three, enrolled Lydia their oldest child in Jubilee Christian School because of the quality of the teachers coupled with the Biblical worldview taught in Jubilee's integrated curriculum.

Andrew and his family attend South Hills Bible Chapel and serve in Children's Nursery. Andrew is a graduate of the United States Military Academy at West Point, majoring in Mechanical Engineering. In addition to serving as an officer in the United States Army, some of his previous work experience includes Goldman Sachs and Uber's Advanced Technologies Group.

If elected Andrew would safeguard the school's vision and affect strategy to equip the school with resources to continue to deliver excellent instruction to Jubilee's students.

Lauren Kail

My name is Lauren Kail and I am a believer, a wife, a mother (1st grader at JCS), and a fitness and wellness professional. I am grateful to be a family of a Jubilee, as it is a priority in our home to give Eva the opportunity for faith-based learning. I know this rings true for the other families at JCS. It is important to me and my family to keep the life of that mission alive.

If elected to the board, I will support the stabilization and growth of the JCS mission whereby we will be able to “go and tell” of Jesus Christ. I have a background in business and accounting, managing people, working on teams, and discernment and leadership are an integral part of who I am. I look forward to serving with you as we seek to love God and our neighbor through JCS.

In Christ,
Lauren

My name is Kristin DuBois, and I am a Pittsburgh native. Growing up, I attended a private Catholic school from Kindergarten through 8th grade. I truly believe that the education and values instilled in me during that time shaped the person that I have become today. My Bachelors of Science degree was obtained from the University of Pittsburgh in Chemical Engineering, with minors in both Petroleum Engineering and Chemistry. Since graduation, I have spent my career working in the oil and gas industry, developing and employing technologies to enable the safe extraction of natural gas in the area. Currently, I am the chairperson for the Pittsburgh Section of the Society of Petroleum Engineers.

I was introduced to Jubilee through my husband, Ted, and my incredible stepdaughters, Taylor (age 11, grade 5) and Teagan (age 7, grade 2). The girls have attended Jubilee for the last 2+ years. Ted and I are expecting Baby DuBois in June of 2020, who I can only hope will one day follow in his/her big sister's footsteps! As a family, we worship at the Bible Chapel in South Hills.

Before the 2019-2020 school year, I unofficially joined the JCS school board as a liaison to handle fundraising. During this time, I have grown to know the board, the children and staff, and have been called to run for the school board by God. I have a passion towards wanting to see Jubilee withstand the tests of the time, as Christian/Catholic schools in the area are becoming scarcer. I believe that with Jubilee's tenure of 20+ years, we can take what we have done well, improve upon what we have not, and grow in God's direction to continue providing a well-rounded, faith-based education to generations to come.

In summary, if elected to the school board, I commit to doing the following:

1. Utilize God's guidance to be able to serve both the staff and students of Jubilee to the best of my ability
2. Apply my professional business acumen to help build stability for the future generations of Jubilee, while continuing to grow current enrollment
3. Continue to oversee a successful fundraising program
